## 1.0 PREFACE

Gender equality, the pursuit of equal rights and opportunities for all individuals regardless of their gender, does not imply the eradication of differences between men and women. Instead, it signifies that individuals should have access to the same rights, responsibilities, and opportunities, irrespective of their gender at birth. Gender equity involves ensuring fairness in the treatment of both men and women, taking into account their specific needs. This may entail providing equal treatment or different treatment that is deemed equivalent in terms of rights, benefits, obligations, and opportunities.

Gender equality is a pressing global issue, and the discourse surrounding the emancipation and rights of women is a prominent aspect of various formal and informal campaigns worldwide. With growing awareness about gender-related concerns, women are proactively addressing the oppression and exploitation they face. Gender awareness empowers women to transcend conventional gender stereotypes and rigid role expectations.

In pursuit of gender equality, a gender audit was conducted to identify strategies for creating a more inclusive and equitable environment on a college campus. The audit process involved selecting specific areas for assessment, assembling participants, providing orientation to the participants, developing a comprehensive checklist, conducting on-site observations, documenting the findings, and sharing the results with the college principal for the implementation of recommended changes.

The aim of this gender audit was to ensure that the college campus becomes a safer and more supportive space for all individuals, irrespective of their gender. By fostering gender equality, we strive to create a society where every person can thrive and contribute their unique skills and perspectives without being limited by societal expectations or discriminated against based on their gender identity.

## 2.0 INTRODUCTION

Gender Equality is a global issue, and discussions on women's emancipation and her rights are at the forefront of many worldwide formal and informal campaigns. Gender awareness allows women to move beyond other conventional gender stereotypes and rigid gender role definitions. The gender audit was conducted to identify ways to make college campus safer for women. The audit process involved choosing the sites to be audited, selecting the participants, orientation to the participants, preparing the checklist and the walk –about, writing down the findings and sharing the results with the principal of the college for implementation of the recommendations.

## 16.0 SUGGESTION FOR IMPROVEMENT

Based on the findings of the Gender Audit Report, here are some suggestions for further improving gender inclusivity and equality at our college:

- **Enhance Gender Sensitization Programs:** Continuously update and expand gender sensitization programs to ensure they remain effective and address evolving issues related to gender equality.
- **Strengthen Grievance Redressal Mechanisms:** Provide regular training to staff and students involved in the Grievance Redressal Cell to improve their capacity to handle gender-related complaints sensitively and effectively.
- **Review and Enhance Scholarship Policies:** Conduct a review of scholarship policies to ensure they are equitable and accessible to students of all genders. Consider specific scholarships or financial aid for marginalized gender groups.
- **Promote Inclusivity in Co-curricular Activities:** Actively promote and support inclusivity in all co-curricular activities, ensuring diverse participation and representation across different gender identities.
- **Expand Support Services:** Increase resources and support services tailored to the needs of students from diverse gender backgrounds, including counselling, health services, and mentorship programs.
- **Ensure Equal Opportunities for Participation:** Monitor and ensure equal opportunities for participation in various events organised by different committees / cells / units for promoting the culture of inclusivity and empowerment.
- **Regular Monitoring and Evaluation:** Establish a framework for regular monitoring and evaluation of gender equality initiatives to track progress, identify areas for improvement, and ensure accountability.
- **Faculty and Staff Training:** Provide ongoing training for faculty (FDP) and staff (SDP) on gender sensitivity, inclusive teaching practices, and creating a supportive environment for all students.
- **Student Feedback Mechanism:** Implement a structured feedback mechanism to regularly solicit input from students on their experiences related to gender inclusivity and identify areas needing improvement.

Implementing these suggestions will help the college further strengthen its commitment to gender equality, inclusivity, and creating a supportive environment where all students can thrive.

## National Girl Child Day 2022

National Girl Child Day is celebrated in India every year on January 24th. The day aims to promote the rights, education, and overall well-being of girls in the country. It highlights the importance of gender equality and empowerment of girls.

The event began in 2008 as an initiative of the Ministry of Women and Child Development in collaboration with various organizations and stakeholders. It aims to raise awareness about the challenges faced by girls in India and encourages society to work towards ensuring their rights and providing equal opportunities.

HETC celebrated the event by uploading a collage of selfies of the staff members along with their daughters which aims to inspire other mothers, fathers, and caregivers to nurture a loving and supportive relationship with their daughters.
