Principal's Column

I feel immense pleasure to mention that the half-yearly *HETC Chronicle*

has been a very prominent and informative e-newsletter of Hooghly Engineering & Technology College encompassing information on varied areas of activities, which had been spread over different important events and contributions of this college like academic, social, students' extra-curricular and sports & games activities. As this college has continuously been focusing to achieve newer heights of excellence in academics along with other co-curricular areas with the whole-hearted involvement of teaching and non-teaching members and students, publication of this newsletter adds a new feather to its endeavour.

This issue of *HETC Chronicle* covers a new activity namely "Induction Programme" for the new entrants of this college this year as per the requirement and guideline by the affiliating University, Maulana Abul Kalam Azad University of Technology, Kalyani, Nadia, West Bengal.

On the occasion of releasing the newsletter for the period from July to December 2018, I congratulate the entire team of "HETC Chronicle" for a timely and quality publication which would definitely inspire us all to strive for a better work in the future.
