Dear Faculty Organiser,

Many thanks to you and your College for being a part of the Spoken Tutorial Software training program. You have contributed in a great way to its mega success.

Last month we informed you about the Training Policy change. MHRD, Government of India, has told us that the Spoken Tutorial project should try to raise the funds required to run the project. We have come up with a way to implement this requirement: colleges will need to make a Payment for the continuation of Spoken Tutorial Training that we have been helping you with. Many of you have immediately responded positively and accepted to make the payment. To continue to benefit from the Software Training courses we offer - Payment is a must. We have tried to keep it a very nominal amount (Rs. 25,000/-) per year. This will allow any number of your students to undergo any number of courses and also appear in any number of tests and to receive certificates when they pass them. This works out to just Rs. 100-200 per student per year or lower. Appreciate your understanding of our position. As the colleges are gearing up with their academic plans, this is the right time to get the n ecessary approvals from Principal/Management and make systematic plans to train the students.

After getting the approval from your Principal/Management, an Accounts/Finance person handling college payments should be identified who will make online Payment either through **NEFT** transfer to our account (Details of Account :- **A/C Beneficiary Name: Registrar, IIT Bombay, A/C Number: 2724101113370, Bank Name: Canara Bank, Bank Branch: IIT Powai, IFSC Code: CNRB0002724)**
Also, the following details has to be provided to the state training manager by Email.
(UTR Number of Payer along with Name, Institute name, Email ID and phone number of the Payer)

OR

through **Net Banking**, if college has provision to do so (Registration and access link: https://process.spoken-tutorial.org/images/1/18/Account_Executive_Regstn.pdf

Ensure that the college makes the payment by Sept 30th.
One other Important piece of information :

- Faculty Organiser Login will be disabled temporarily from Monday, August 8th 2018.
- Login will be enabled after 1) Receiving Payment already or 2) Receiving a written commitment to make Payment by Aug 31st, to be sent to your state training coordinator.

You can call your state Training Coordinator if you have any questions.

Here's wishing you the best and guaranteeing our continued support for offering the Spoken Tutorial Software training to all. If you have questions, please contact the Training Coordinator of your respective state.

Dear Faculty Organiser,
Pleasure to be associated with your Institute since last five years and helped to train more than thousands of Students on various cutting edge Technologies for fitting them into the job market and as well as to accelerate their academic performance. As the new semester will start soon so this is the right time to plan the Training, For this please fill attached Training Calendar. As many of you have already filled the Training Calendar for them they can start with the Training process. In this connection, I wish to inform you regarding the policy change which comes to us from MHRD Govt. Of India. Effective July, 2018 we are expected to charge a nominal annual amount from the colleges we are working with. This decision has been driven by the fact that we are a mature and successful program, therefore from now on need to generate revenue and sustain our Project financially, on our own.

Spoken Tutorial Program is charging Rs.25000/ year with no limit on

1. Number of students trained.
2. Number of students taking tests and certificates
3. Number of Faculty trained (for MOOCs requirement)
4. Number of Faculty taking tests and certificates

Principal in Charge
Hooghly Engineering & Technology College
Vivekananda Road, Pinkhali, Hooghly.

The Information Module & Payment Link on our website will be live in July, we will keep you informed.

In the meanwhile -

1. Please discuss with your management Prinicipal/ Director / VC etc. about the policy change.

2. After approval/permission please send us the name & contact details of the point person in your college who will access the payment link and take care of

the financial transaction. This person will mostly be from the Accounts/Finance section of your college.

One other important activity - do ensure students appear for online assessment test, so that they can receive Certificates before the semester ends. Fix Test dates for all batches in advance – (4-6 weeks after 1st session date).

For any of this Training process if you need my help , do call or write to me immediately. Your ideas and question will be more helpful to make it go smoothly. Here's wishing you the best and guaranteeing our continued support for offering the Spoken Tutorial Software training to all.

Dear Prof. Subhajit Roy,

Congratulations!

Your college registration on Internshala is complete and we have successfully registered 501 students of your college on Internshala. Now every one of them has their own Internshala account through which they can apply to internships.

Next step - We have sent a verification email to all the students, please ask them to open the email and click on the verification link to start using their accounts. Only after verifying, the students will be able to apply to the internships of their choice and receive weekly internship updates.

We will also send you a monthly report of your student's internship selections for your record. Please let me know if you have any questions.

Look forward to a long-lasting association.

Many thanks,
